

## Information guidelines

All information provided in this document is subject to change without prior notice. Please ensure that you have received the latest version of this dossier as we are continually striving to improve the standards and quality of our tours and itineraries are subject to change. Travel times and campsites can change depending on road or weather conditions, or any unforeseen circumstances. These are used as a guideline only. On our longer tours it is possible that your crew, truck and fellow travellers will change due to our unique tour linking system. There are a maximum of 20 participants travelling on this tour.

Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometers in a truck, and our tours are as much about this journey as they are about the destinations we visit. Use your time in the truck to talk to your fellow travellers, play card games, have a drink, walk around, take note of the world passing by your window and make the most of this unique opportunity to step out of your comfort zone.

Some roads you travel on will be smooth and easy while others could take up to an hour to cover one kilometer. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours in the truck, it all depends on the day... and that's only an "average".
